HAD NOTHING TO SAY

Senator Jones on Interesting Political Questions.

SATISFIED WITH THE OUTLOOK.

Questions on the Attitude of Mr. Bryan

Toward the Populist Nomination and the Retention of Mr. Sewall on the Ticket Are Those on Which the Chairman Declined to Express an Opinion.

WASHINGTON, Aug. 3.—Senator Jones of Arkansas, chairman of the national Democratic committee, returned to this city from his trip to the west which included St. Louis during the Populist convention week, Mr. Bryan at Lincoln and the senator's home in Arkansas. The senator expects to remain in the city during the coming week for consultation with such Democratic leaders as may be here from time to time and later will go to New York city to attend the meeting of the national committee on the 11th and the Bryan and Sewall notification on the day following.

The understanding now is that the two candidates will be notified at the same time as has been done by the Democratic party in the past. Pending the meeting of the national committee in New York the final disposition of the establishment of permanent headquarters during the coming campaign is hardly looked for. Senator Jones had nothing definite to say on this subject and expressed the opinion that the matter would not be settled until the committee meets.

While Senator Jones is believed to have about decided upon the formation of the executive committee, which will have active charge of campaign work, he is not yet prepared to make public any names. In this case, also, he expressed the opinion that the committee will not be fully named until the meeting in New York. He may, however, announce an individual member or two during his stay in this city.

Questions bearing on the attitude of Mr. Bryan toward the Populist nomination and affecting the retention of Mr. Sewall on the national ticket are those on which the chairman declined to express an opinion. The senator's attention was called to the statement in the Atlanta Journal made by Hon. W. L. Peeler who led the Georgia delegation at the Populist convention that there was an understanding between the Populist and Democratic leaders that if the Populists would nominate Bryan for president and a southern Populist for vice president that Mr. Sewall would retire from the race. During this Mr. Jones declared so far as he knew no arrangement of the kind was entered into.

The chairman is well satisfied with the situation and says the Democratic ticket is as good as can be. He ridicules the idea of a reaction in the silver sentiment and looks for its continued progress. "This sentiment," he said, "begins with the repeal of the Sherman act and has progressed ever since."

TOMB OUTRAGED.

That of the Bulgarian Statesman Blown Up by Dynamite.

SOFIA, Bulgaria, Aug. 3.—The tomb of M. Stambuloff, the ex-premier of Bulgaria, who was assassinated in the streets of Sofia in July of last year, has been seriously injured with a dynamite bomb. Once before, in August of last year, M. Stambuloff's grave was made the object of outrages by vandals, the cross on the grave being broken, the wreaths destroyed and attempts were being made to exhume the body when the police interfered. A riot was caused at the grave of the dead statesman at the time the funeral ceremony was going on, on July 20 of last year, by his enemies and by the friends of Major Panizza, who had been executed by an order of M. Stambuloff while he was premier. For some time after his burial his grave had to be kept guarded by military, so persistent were his enemies in their attempts to wreak insults upon the grave, and his widow was equally the victim of the malice of her husband's enemies in acts of persecution by Bulgarian officials against members of her household.

FELL OVERBOARD

And the Drowning Man Failed to Reach the Life Preserver.

PUT-IN-BAY, O., Aug. 3.—A man, whose name was supposed to be McKinney, fell overboard from the top deck of the steamer City of the Straits, a few miles from this place, about noon Saturday, and drowned. Life preservers were thrown him by B. W. Leek, Esq., sheriff of Cuyahoga county, who was an eye-witness to the drowning, but he failed to get a preserver. The boat was stopped and reversed, but too late, for he sank before a lifeboat could be lowered, and as high sea was on at the time he was only able to ride the waves a moment. The boat left Cleveland at about 9 o'clock in the morning and it was supposed the drowned man was bound for this port.

Fell Through a Floor.

MORRISTOWN, Ind., Aug. 3.—Charles Lambert, a farm laborer of William H. Lyner, suffered a fracture of the collarbone and other injuries Saturday by falling through the floor of a mow.

Americans at the Vatican.

ROME, Aug. 3.—A party of 55 American pilgrims arrived here Saturday afternoon, in order to visit the Vatican and other points of interest here. They attended the pope's mass Sunday.

LAWYER PLATTER KILLED.

A Former Defendant (O.) Man Shot Down at Spokane.

SPokane, Wash., Aug. 3.—L. H. Platter, a well known attorney and Democratic politician, was shot and almost instantly killed in the corridor of the courthouse by Henry Seifert, a restaurant proprietor and sporting man.

The tragedy resulted from remarks made by Platter in court, which Seifert construed as a reflection on his character. Seifert was being pressed before the court as administrator for the estate of Rudolph Gerkow, a rich brewer, who died here this week. Platter represented some of the beneficiaries of the will, opposing Seifert, and it had been insinuated that Seifert's relations with Mrs. Gerkow were not of the proper nature. When court adjourned the two men met in the corridor. Seifert claims that Platter struck him with his cane. Seifert then drew a revolver and fired, the shot passing through Platter's heart. Seifert then walked into the sheriff's office and gave himself up. Platter came to the state from Defiance, O., and was elected prosecuting attorney of Whittier county. In 1889 he was the Democratic candidate for lieutenant governor, and in 1892 was candidate on the Democratic ticket for presidential elector. Before coming to Washington he was for three years prosecuting attorney of an Ohio county. He is 31 years of age and leaves a wife, who is prostrated and her life is despaired of.

SAD SUNDAY AT BRIDGETON.

Funerals Occur of Eleven Victims of Atlantic City Horror.

BRIDGETON, N. J., Aug. 3.—The funerals of 11 of the victims of the Atlantic City railroad collision took place Sunday. Everywhere could be seen the clothes and badges of mourning and many sad scenes were witnessed as the relatives of the dead watched the heavy clouds of earth fall that shut their dead from their sight forever. Lodges turned out in full force and escorted the dead to the graves. The churches all held special services at which prayers were said for the unfortunate dead and living. Those buried were Mr. H. Frazier Bell and wife, Joshua Ernest, Charles Sooy and son, Mr. Richard Trenhard and wife, Mr. James N. Bateman and wife and Joseph Peters and son.

The bodies of Franklin Dubois of Yorktown and Mrs. Ellen May and son of Palatine were buried in the village cemeteries at Friendship and Olivet. There will be many more funerals today and Tuesday. Today will be generally observed as a day of mourning and it is thought there will be a general cessation of business.

OFF FOR THE POLE.

Professor Andree's Airship Was to Have Started on the 27th.

STOCKHOLM, Aug. 3.—News has been received from Spitzbergen that Professor S. A. Andree's balloon had been filled and was ready to start on July 27. The Virgo with Professor Andree, his two companions and his apparatus on board sailed from Tromsø on July 15. Since June 22 the expedition has been established in Pike's house in the northern half of West Spitzbergen, opposite Danes island. The stores and equipment had already been disembarked and the position was considered very favorable. As the explorer had planned that his preparations would all be completed and his balloon filled by the first week in July, it seems probable that some unexpected obstacle has been met with in completing the preparations. It was, however, a part of the plan to wait for favorable conditions, that is, a clear day when a brisk south or nearly south wind was blowing.

Silver Found in Kentucky.

RICHMOND, Ky., Aug. 3.—What is believed to be the celebrated Swift silver mine has been recently discovered on Roundstone creek, 35 miles south of here, in Rock Castle county. The ore is combined with lead, and smelts at about \$6 a ton. Down several feet below the top ledge were found crucibles and other implements, which leads to the belief that the mine has been worked in past years. Old residents say that the location tallies with the description left in Swift's chart exactly. A number of prospectors have gone from this city to investigate.

Fighting the Unspeakeable Turk.

CONSTANTINOPLE, Aug. 3.—Dispatches received here from Damascene report that several serious fights have occurred in the Hauran, province of Syria, between the Turks and the Druses. The Turks claim to have won a victory, but independent reports represent that the issue was doubtful with heavy losses on both sides. It is now feared that 40,000 Turkish troops will be required to suppress the Druse rebellion which broke out in June, last, with renewed vigor.

No Promises Made.

LINCOLN, Neb., Aug. 3.—Regarding the rumor that he had promised to appoint Governor Altgeld attorney general, Mr. Bryan said last night: "In order to answer once for all rumors in regard to places promised, I desire to say that I have not directly or indirectly promised any office of any kind to any person whatsoever and shall not during the campaign promise any office of any kind to any person whomsoever."

Double Tragedy.

GALVESTON, Aug. 3.—Will Gruber a German fisherman living on the beach, shot and killed his wife, Caroline Gruber and then killed himself by firing a bullet through his head yesterday. Gruber was ill tempered when drinking and had ill treated his family.

WRECK ON A CURVE.

Collision Caused by Carelessness of Trainmen.

TWO KILLED AND TEN INJURED.

Brave Engineer Burchnaugh Refuses to Jump and Meets Death at His Post. Overlooked the Stallion—Both Engines a Complete Wreck and a Mailcar Reduced to Splinters.

CLINTON, Ills., Aug. 3.—Through the carelessness of trainmen a frightful wreck occurred on the curve just east of Birkbeck, a small station on the Illinois Central, five miles northeast of Clinton, Saturday afternoon. Passenger train No. 504, going south, and passenger train No. 501, going north, collided while going at full speed.

The killed:

Charles Burchnaugh, engineer, Clinton, Ills.

William Baker, mail agent, Springfield.

The injured:

Miss Rose Baker, Chestnut. N. W. Davis, baggagemaster. Thomas C. Dukes, baggageman. Walter Evans, engineer. Jack Lovell, fireman. Louis Martin, baggageman, Kankakee.

Allie McAvoy, fireman. J. T. Naylor, baggageman. E. D. Peckin, conductor. Shuman Swartwood, engineer.

Overlooked the Stallion.

The trains were scheduled to pass at Painell, but the northbound train was late and orders were given to sidetrack at Birkbeck. The name of the station was overlooked. Conductor Scott Castle and Engineer Walter Evans were in charge of the train. Both engines are a complete wreck, and one mailcar was reduced to splinters, and the other mailcar and both baggage cars are badly damaged.

The trains were running 35 miles an hour. The curve in the track probably saved the lives of the passengers.

The passengers say the collision was so unexpected and sudden that none of them in the southbound coach realized what had happened until it was all over. The coach in which they were did not leave the track.

Engineer Burchnaugh leaves a wife and three small children. He was a man of iron nerve, and when advised to jump by his fireman, Swartwood, he said: "No, I will stick to her to the last;" and he did.

NOTED SCIENTIST DEAD.

Sir William Grove of World Renown in Electrical Discoveries.

LONDON, Aug. 3.—Sir William Grove is dead. The Right Honorable Sir William Grove, D. C. L., LL. D., P. C., F. R. S., was born July 11, 1811. He was educated at Oxford, where he proceeded to the degree of M. A. in 1833. Two years later he was called to the bar at Lincoln's Inn. Being temporarily prevented by ill-health from following the legal profession he turned his attention to the study of electricity and succeeded in 1839 in contriving the powerful voltaic battery, which bears his name, and the gas battery.

Sir William made several discoveries in electricity and optics, and he was the author of a remarkable lecture delivered in January, 1842, and printed by the managers, on "The Progress of Physical Science Since the Opening of the London Institution."

In this lecture he first announced the doctrine of the mutual convertibility of the various natural forces—heat, electricity, etc.—and their of being all modes of motion, or forms of persistent force. The doctrine is further developed in his famous essay, "On the Correlation of the Physical Forces" on which he gave a course of lectures in 1843.

THEY'RE USE TO IT.

Temperature 112, but No Prostrations Reported From Dallas.

DALLAS, Aug. 3.—The awful heat of yesterday and for many days past continued today. Indeed, it was worse at several points in the city, the thermometer showing 107 1/2 or one-half above yesterday's register. Old men who have been here 40 years say they never knew anything like it before. While the whole earth seems hot enough to take fire, not a case of prostration was reported yesterday. We have had no rain in several weeks and of course everything in the green fields is rapidly dying. The cotton which had gotten a little start to grow by the rains of several weeks ago is again brought to a standstill. There is no possible showing for much over half a crop now.

Dispatches in the Indian Territory report the thermometer soaring 112 Saturday and Sunday at Guthrie.

Will Stick to Coin.

WASHINGTON, Aug. 3.—The Turkish legation has received the following telegram from the sublime porte under yesterday's date: "Some malevolent people have propagated the false news that the Turkish government had the intention of introducing the paper currency; please contradict same."

Wages Restored.

LOUISVILLE, Aug. 3.—Will Gruber a German fisherman living on the beach, shot and killed his wife, Caroline Gruber and then killed himself by firing a bullet through his head yesterday. Gruber was ill tempered when drinking and had ill treated his family.

DEATH PENALTY FOR STEALING.

One Cattle Thief Will Hang. Others Will Receive 100 Lashes Each.

SOUTH MCALISTER, I. T., Aug. 3.—The Indian court sitting at Wetumpka has sentenced two men to death for cattle stealing, and others to undergo the whipping post for having committed similar offenses. Isaac McGirt, who stole a cow more than a year ago, will be given 100 lashes on the bare back, and Lumka Harjo, for house-breaking, will receive 100 lashes for his third offense for stealing. Jesse Thlocco was sentenced to death by shooting. One Wilson was convicted of helping Thlocco, and will receive 100 lashes. Sandy Deacon, who was charged for the third time with hog and cattle stealing, was also given a death sentence. There are about a dozen of these cases on the docket, and it is probable that of these one-half will be given the death penalty. All are Indians.

All For One Murder.

ATOKA, I. T., Aug. 3.—Deputy United States Marshal James H. Thompson has left for Paris, Texas, with 15 prisoners, all Frenchmen, from Lehigh, charged with the murder of Bud James, a Choctaw Indian, at Phillips, I. T., Saturday night. They had a preliminary hearing before Commissioner Grubbs, who committed them without bail.

SOCIALIST CONGRESS ENDED.

Little Work and Lots of Noise Characterized the Sessions.

LONDON, Aug. 3.—At Saturday's sitting of the International Socialist Labor and Trades union congress, the delegates adopted, after a great deal of discussion, the report of the economic industrial commission, reaffirming the resolutions of the Paris congress of 1890, including those in support of eight hours for a day's work, the abolition of child labor up to the age of 16, the prohibition of night work in all trades where there is no necessity for it, and the abolition of all tariffs and duties on articles of consumption.

A Greek delegate, Argyriades, then tried to read an address of sympathy with the Cuban insurgents, but the delegates, desiring to wind up the congress, declined to listen.

Herr Liebknecht, the socialist member of the German reichstag, who was chairman of the day, then announced that Paris, New York and a German city had been suggested for the meeting place of the congress of 1899. The congress decided to go to a German city, but the particular spot was not decided upon, and the session ended with the singing of "Auld Lang Syne," the "Marseillaise," the "Carmagnole," and with three cheers for the social revolution.

WILL AID STATE COMMITTEE.

Franklin County Committee Arranges for Campaign Opening.

COLUMBUS, O., Aug. 3.—A meeting of the Republican county central committee was held Saturday afternoon. A resolution was adopted to investigate the Republicanism of some of the clerks at the courthouse, which is not thought to be up to the standard. The committee also completed arrangements for the opening of the county convention at Worthington next Thursday, at which delegations will be present from every precinct. The committee decided to attend in a body. Plans for the opening of the state campaign here on Aug. 1, were also discussed. The committee will assist the state committee in every way.

TRAIN STRUCK THE CARRIAGE.

Two Were Killed, and the Third Will Die.

Sad Accident at Pittsburg.

PLATTSBURG, N. Y., Aug. 3.—A carriage containing Mr. and Mrs. Willard Mastick and their 6-year-old granddaughter, Mabel Lavigne, was struck by a train at Smith's crossing Saturday night.

Mr. Mastick was instantly killed. Mastick died soon after being brought back to Plattsburg, and there are only slight hopes of the child's recovery.

Murder in a Church.

NEW YORK, Aug. 3.—A special to The World from Thomasville, Ga., says: Colonel James F. Lilly was shot down in the Baptist church at Metcalf, 10 miles from here, Sunday afternoon, by John T. Rushin, and in the panic that ensued several women and many others fainted. Rushin stopped at the side of his victim's body and several of the men started forward to seize him, but he waved his pistol at them warningly, and then, taking a razor from his coat pocket, almost severed the prostrate man's head from his body. Rushin then attempted to commit suicide by taking laudanum. He is supposed to have been insane.

Took One Hundred Lashes.

ROME, Ga., Aug. 3.—Tom Evans, a negro, attempted an assault upon a young lady named Long, 25 miles down the Decatur road on Thursday last. Evans was captured and given his choice between being lynched or taking 100 lashes. He chose the lashes. They were duly given, and he was turned loose. Evans started at once for the Alabama line.

Twins Eaten by Hogs.

FAYETTEVILLE, Ark., Aug. 3.—In Benton county Mrs. Mary Smith, wife of a farmer, became alarmed at the absence of her 10-year-old daughter and started out to search for her, leaving her other son, infant twins and a boy aged 4, playing in the yard. During her absence vicious hog attacked them and killed them.

REPUBLICAN CLAIMS.

The Figures Don't Bear Them Out—Democracy and the Single Gold Standard.

The exports for the year ending June 30th, 1896, were \$82,519,229, and the imports \$75,717,306, leaving an excess of \$12,801,923 to the credit of the United States, all of which was paid to the citizens of the United States.

The Republican press states that the gold of this country is being steadily drained from it to pay for European goods that ought to be manufactured here, but the above statistics show that we sell one hundred million more than we buy. What then becomes of the gold? It goes to Europe to pay interest upon American bonds and securities held by foreigners, all of which should be held in America, and would be if Republican tariff legislation had not driven us from our foreign trade and prevented our farmers and miners from having a market for their surplus and forced us to become *borrowers*, instead of *lenders*. The American capitalist loans his money to the farmers on mortgage at 6 per cent., to 12 per cent., and the European capitalist invests his money at 1 per cent. in our government, railroad, county and municipal bonds, and our gold is taken to pay the foreigner's interest. Give us free trade, free silver and gold and free ships, and the American producers will find a market for every bushel of grain, every pound of cotton and meat, and all manufactured articles at prices that will pay and they will be able to lift the mortgages from their farms and houses, and our own capitalist will then take care of our home securities, and our gold will not be drained to Europe.

Since when has the Democratic Party advocated the "single gold standard"? Can any Democrat defend his vote for such a standard? Will the *so-called* "sound money" Democrats called to meet in Mason County on August 8th, endorse McKinley, or will they instruct for a holier Democrat? Have they forgotten the Baltimore and Charleston conventions of 1860? Can they not remember the defeat of Douglass and Breckinridge?

Democrats should be warned by the utterances of the Republican press. Grover Cleveland withstood more abuse and vile slander from it than any or all of our former Presidents, and yet one month of praise and endorsement from that same press has more effectually killed Cleveland with the Democracy than did the twelve years of abuse, and a like fate awaits the Democrat who does anything to call forth Republican praise. You know how Republican boasters are denounced, and Democratic boasters are in the same class. The Republicans aided the split in the Democratic party in 1860 over the slavery question and our country was almost ruined. Will Democrats be so shortsighted as to disrupt their party over the silver question, and thus enable the Republicans to fasten upon this country, not only gold monometalism, but thoroughly undemocratic but also protection for protection's sake, the Force Bill and all such kindred legislation, and thus bind our people as slaves to the money power and trusts of our land?

Choose the least of evils, always.

CINCINNATI TOBACCO MARKET.

No Material Change the Past Week—Prices Not Fluctuating a Great Deal Now.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco trade has not shown any material change the past week. Prices have gradually reached a point that appears to be permanent, for the present at least. There are some fluctuations in prices on different days, but not enough to be noticed only by a careful observer. The sales have been quite large in first three days, but small on Friday. There is a firm demand for color goods of all grades, and while the offerings of these grades have been more liberal, still the demand holds the prices very firm.

Offerings of old tobacco have not been very large this week, but has met with a good demand at prices paid for the new, but there is still a disposition to hold on a while longer, which we consider a continuation of the error made one year ago, and while the old tobacco, on account of its color, when sweet, is in demand, the holders should dispose of the same and not hold until it finds more competition.

The nondescripts remain very low, especially when they have a green tinge; also, the medium dark leaf is doing no better, but the best quality of the red leaf is drainer. Red tips are still taken for the French contract, and remain at about the same figures.

The reports from the country are most favorable the past week, and with clearer skies the next few days we can expect a large and good crop, although many are under the impression it will be large and hony. The most favorable reports are from the old districts.

Tired and Worn Out.

Mt. STEBBING, KY., July 29, 1896.—We have found Hood's Sarsaparilla to be a most excellent tonic. My daughter and myself have both taken it. My daughter does not complain of feeling tired when she arises in the morning as she formerly did. We have also taken Hood's Pills with good results.

LEWIS COUNTY DEMOCRATS.

Enthusiastic Meeting at Vanceburg Saturday Afternoon—Speech by Col. W. LaRue Thomas—Club Organized.

A special from Vanceburg says that a great demonstration was indulged in by the free silver advocates of Lewis County at the court house Saturday afternoon.

R. D. Wilson, Chairman of the County Democratic Executive Committee, in a speech overflowing with patriotism and good cheer for his party, announced that he had decided to yield to the decree of the Chicago convention and cast his lot with the people.

Col. W. LaRue Thomas, candidate for nomination for Congress in this district, was present and spoke for free silver.

Hon. J. B. Hiles, of Bracken County, present Representative of that county in the Kentucky House, and an opponent of Mr. Thomas for the Congressional nomination, was also present.

A large number of Populists served to swell the crowd. A free silver club of 125 members was organized after the meeting.

BRYAN CLUB ORGANIZED.

Germantown Leads Off in the Present Campaign.

A Bryan Club was organized at Germantown Thursday evening.

Professor E. E. Bishop, Principal of the Campton School, discussed the "money question" at the city hall. A large crowd was out to greet this brilliant young man, and hear him expound the principles of Democracy. His speech was clear, forcible and eloquent. He spoke for one hour and when he closed the cry of "go on! go on!" was heard in all parts of the hall.

At the close of the speech a Bryan Club was organized.

Mr. J. R. Humlong, the original free silver champion and advocate of the white metal in that section, was chosen President of the club by acclamation. Judge Dora was chosen Treasurer and Mr. J. B. Jolly, Secretary.

The club adjourned to meet again August 8th.

It Was a Good Day For Fishing.

The Daily Sun of Westerly, Rhode Island, says:

Last Friday morning, as Commodore Davis C. Anderson emerged from his cottage, he sniffed the air, and gazed around him with an expression on his countenance that foretold fun for the day. He casually remarked, "that the weather was rather fishy," and summoning four faithful companions, they started for the Columbia; and after breakfast, Landlord Babcock prepared one of his famous lunches for a fishing party, and the party then embarked on the yacht "Forward" Capt. J. O. Babcock, for a mackerel cruise. They cruised around most of the day, and such luck, for the fish, evidently hearing that they had one of "Babcock's famous lunches" aboard, concluded that they would like to have a lunch on board also, and they did so to the number of 750. As the party came ashore from their successful trip, exhibiting their catch, it reminded us of a sentence in the history of the landing of Columbus, "and the natives gazed at them with wonder and amazement," as they passed by. All are of one opinion now, that Commodore Anderson is the champion mackerel cruiser at the till.

Mr. Anderson is a son-in-law of Mr. B. A. Wallingford of this city, and is spending the summer at Watch Hill.

G. A. R. and Memorial Days at Ruggles. The old soldiers' day at Ruggles' camp grounds has been changed to Wednesday, August 5th. Every old soldier is invited to be present and hear the great orator W. H. W. Rees, D. D., of Cincinnati, who was a soldier himself. The grounds will be appropriately decorated and every old comrade will meet with a hearty welcome.

Rev. Geo. W. Young, of Richmond, Ky., and Rev. G. W. Bradford, of Mayfield, will preach on temperance on August 6th.

Memorial day will be on the 7th, at which time the sacrament of the Lord's supper will be administered.

Be sure and attend on Sunday, the 9th, and hear Rev. Mr. Swadener, the great gospel wagon preacher of Cincinnati, O.

Sales Talk

With Hood's Sarsaparilla, "Sales Talk," and show that this medicine has enjoyed public confidence and patronage to a greater extent than accorded any other proprietary medicine. This is simply because it possesses greater merit and produces greater cures than any other. It is not what we say, but what Hood's Sarsaparilla does, that tells the story. All advertisements of Hood's Sarsaparilla, like Hood's Sarsaparilla itself, are honest. We have never deceived the public, and this with its superlative medicinal merit, is why the people have abiding confidence in it, and buy

MAYSVILLE WON.

Saturday's Game at Knoxville Close and Exciting—Newton Pitched—Interesting Base Ball News.

[Special to BULLETIN.]

KNOXVILLE, Tenn., August 1st, 1890.—Maysville won to-day in a close and exciting game, the score standing 6 to 5.

Hits, Maysville 11, Knoxville 9. Errors, Maysville 2, Knoxville 3. Home runs, Sutherland, Flournoy, Homan. Batteries, Newton and Kellner, Miller and Gibson.

Newton pitched a good game, although this was the fourth day he was in the box this week. SHEPARD.

The Maysvilles play at Knoxville to-day and to-morrow.

Paris defeated Lexington in a fine game Saturday. Score 3 to 1. Batteries, Reiman and Taylor, Conover and Douglass. Reiman's three-bagger won the game.

A Newcastle (Pa.) dispatch gives the following in reference to a former Maysville player: "Umpire McNeirney and 'Kid' Keenan, of the Toledo ball team, indulged in a lively fight at the depot last night. Keenan called the umpire some ugly names, and the two were soon locked in battle. The fight lasted about five minutes, but neither man was badly used up."

Louisville Post: "A strong amateur base ball team is being organized in Louisville. Al. Brennan, the old Centre pitcher, is getting it up, and will pitch most of the games. The team will be composed principally of old college players from this city and Cincinnati, but there will be some local amateurs on it. Among the players will be Henshaw, formerly of Harvard, who will go as one of the catchers; Johnson and Diehl, of Cornell, who will pitch and play second base respectively; Van Winkle and Montfort, of Centre, and several men from the Eastern colleges now in this city. A tour will be made through the State, beginning about the last of August, and every team of importance in the State will be played."

DEXTER WON, OF COURSE.

A Maysville Man Honored by the Printers of Washington City.

[Washington City Times.]

John Dexter Kehoe will preside over Columbia Typographical Union, No. 101, for the next year. At noon to-day his election as President of the organization was conceded by the friends and advocates of the opposing candidates, Messrs. Bynum and Smythe.

At that hour, with the total vote from the Government Printing Office, the specification room and the Secretary's chapel counted, it stood, Kehoe, 430; Smythe, 217; Bynum, 195.

This vote comprises about two-thirds of the total number polled, and the remaining "down town" offices, as they are called, will not materially affect the result. When the returns first began to come in the race for President was neck and neck, but as the count proceeded Kehoe's strength began to show.

After the first two or three chapels were known his vote steadily ran ahead of that of the combined number of both his opponents.

The struggle for this office has been fierce and spirited. Those now in power, known as "the administration," have sought the election of Mr. Bynum and the continuation of the same old methods in office.

Mr. Kehoe entered the race, chaperoned by Capt. Semmes and Michael Moulden, of the Treasury branch, where Mr. Kehoe is foreman. He based his candidacy upon the fact of opposing the faction referred to as the "ring."

Unabated interest has been shown in the contest all along, but the most staunch supporters of the Treasury Foreman did not anticipate that their favorite would win by such a tremendous majority. As a result, they are highly jubilant to-day, and every man is proud of having done his level best to bring about success.

Mr. Kehoe is a native of Kentucky, and is forty-five years of age. He was educated in the common schools and at

terward took a special course of instruction in the "art preservative of all arts," under Oscar Harpel and Charles W. Morris, of Cincinnati.

A SPECIAL from Danville says: "William Logan Caldwell, aged sixty-nine, a wealthy farmer and stock raiser and ex-Sheriff and County Judge, died Friday afternoon at his home in Boyle County of complicated diseases. He leaves a widow and the following children: Dr. Robert C. Caldwell, Bloomfield; Dr. O. B. Caldwell, of Colorado Springs; Mrs. J. P. Halsell, of Massachusetts; Mrs. Dr. Henry M. Marsh, Mrs. Ella Palmer, of Danville; James B., William L., Jr., and Miss Minnie Caldwell, of Boyle County. The deceased leaves a large estate."

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

WIND, RAIN AND HAIL.

This Section Visited by Another Severe Storm Saturday Afternoon—Crops Badly Damaged.

Another big storm swept over this section Saturday afternoon, about 3 o'clock. It came from the west and northwest, and the clouds looked so dark and threatening that some people in the country left their residences and sought shelter in smaller buildings.

Fruit and shade trees were uprooted, branches of others were torn off, fences were leveled and corn and tobacco blown down by the severe wind. Part of the roof of the grand stand at the fair grounds was taken off, but aside from this very little damage was done to buildings, so far as learned.

The damage to the corn and tobacco is reported very heavy. It was leveled to the earth in many places, and the leaves of the tobacco are said to be badly beaten and bruised. In some spots, hail added to the damage to this crop.

The rain fell in blinding sheets, the fall being one of the heaviest for years. The gauge at the station in this city showed a fall of 2.14 inches during the afternoon. It is said Limestone Creek was higher than for thirteen years. On the Cabin Creek pike twelve bridges and culverts were washed out, and the road was littered with piles of drift wood. A small bridge on the Blue Run and Ripley Ferry road was washed out.

Some bridges on Fishing Creek back of Aberdeen were carried away.

At Augusta lightning struck the dry house of the G. W. Moneyhom Lumber Company and passed through the office, situated near by, tearing a hole about three inches in diameter. Mr. Chas. Moneyhom and several others were in the office, but escaped uninjured. The dry house was destroyed by fire, entailing a loss of about \$3,000, with about \$700 insurance.

Many farmers have lost all of their corn and tobacco by the washing rains and high water in the creeks.

In Batavia Township, Clermont County, O., what was once beautiful fields of corn and tobacco are now simply barren stalks as a result of the hail. The fruit crop is about entirely ruined. Immense orchards of peaches were entirely stripped by wind and hail.

There was no wind at Flemingsburg, but the rain was very heavy. At Johnson Junction, a small branch just back of the depot was high enough to float a steamboat.

FINED FOR EMPIRICISM.

A Cincinnati Doctor in Trouble at Lexington—The Case to Go to the Court of Appeals.

At Lexington Saturday, Dr. W. L. Kelly, of Cincinnati, was tried before Judge Bullock on the charge of empiricism, practicing medicine without a State license, and was fined \$50 and costs.

Colonel W. C. P. Breckinridge, attorney for Dr. Kelly, notified Judge Bullock that the case would be taken to the Court of Appeals.

Dr. Kelly was arrested on July 10th on a warrant sworn out by Dr. J. M. Mathews, of Lonierville, Secretary of the State Board of Health.

The argument in the case was made along the line of the constitutionality of the law requiring a physician to become a resident of the State for two years before he can obtain license to practice.

Ruggles Camp Meeting.

RUGGLES CAMP GROUNDS, July 31, 1896.

Editor's Bulletin: As each day passes it makes us feel as if we always lived here. The old paths in the woodland are so familiar as we stroll through them that it really seems home to us. We had a good morning service at 6 o'clock, and the 9:30 speaking meeting was soul stirring and was led by Brother Leo Hardling.

At 10:30 the Junior League had their service and rendered the following program:

Opening Address—Master Onis Walsh.

A Welcome to the old Camp Ground.

Solo by Prof. Crabb.

"Scattering Seeds of Kindness"—Song by Lula Rosser Walsh.

"The Dead Robin," dialogue, by Florence Smith, Anna Dodson, Lula R. Walsh, Gertrude Hart, I. g.

"Little Elm"—Speech by Walter A. Wood.

Recitation by Charles Hinton.

"A Little Talk With Jesus"—Florence Smith.

"The Dying Soldier."

Music by the choir.

Essay on Junior League—Miss Eva Ifaneck. These little tots gave us a very interesting and delightful service, all new on the camp grounds.

The new arrivals are Rev. Dr. Leonard, of Ashland, Rev. Mr. Dover, Presiding Elder of the Ashland district.

Glory hallelujah! Prof. Crabb has just closed a contract for his services next year. The board acted wisely indeed in doing this.

WHEN a man owns a blooded horse he is always careful of its health. He looks after its diet and is particular that the feeding shall be regular and right. While he is doing this it is likely as not that he is himself suffering from some disease or disorder. When the trouble gets so bad that he cannot work, he will begin to give himself the cure he gave the horse at the start. Good, pure, rich, red blood is the best assurance against disease of any kind. Almost all diseases come from impure or impoverished blood. Keep the blood pure and strong and disease can find no foothold. That is the principle upon which Dr. Pierce's Golden Medical Discovery works. It cleanses, purifies and enriches the blood, puts and keeps the whole body in perfect order; makes appetite good, digestion strong, assimilation perfect. It brings, truly, virile health. It builds up solid, wholesome flesh (not fat when, from any cause, reduced below the healthy standard).

An ice cream supper will be given to-night (August 3d) at head of Wood street, Sixth ward, for benefit of Mitchell Chapel. Public are invited.

In Her Stateroom.

BAR HARBOR, Me., Aug. 3.—Mrs. Josephine Widener, wife of P. A. B. Widener, who, with a party arrived here on the big steam yacht Josephine, from Philadelphia, was found dead in her stateroom. Mrs. Widener, who was 60 years old, complained of sickness on the trip, and was attended twice by a physician, but she was in a comfortable condition when she retired. The Josephine left Philadelphia 10 days ago for a cruise along the Maine coast. In the party on board were Mr. and Mrs. Widener and Mr. and Mrs. J. E. Widener, Mr. and Mrs. J. W. Elkins and Mr. Harry Widener.

Racing Man's Death.

RIDGETOWN, Ont., Aug. 3.—John Kniffin of Danville, Ills., accompanied by his wife, arrived in town on the Michigan Central railway at noon yesterday. About 3 o'clock Kniffin was stricken with apoplexy and died shortly afterward. The remains were taken to Trenton. Kniffin, who was well known in racing circles, was 50 years of age.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
